Summary

An industry project professional having worked on multiple Oil & Gas mega-projects in Construction, Pre-Commissioning & Commissioning mainly in Turnover and Completions roles. I have established a reputation on ICAPS & OPERCOM as an expert who is driven by challenge, undeterred by obstacles, and committed to furthering standards of excellence. This includes RFC and RFSU achievements as well as 20+ years experiences in several countries including Iran, Yemen, Oman, Nigeria, and China. Furthermore, I have combined over 10+ years experience in drawings design & drafting, and AutoCAD (2D & 3D). Dedicated to delivering work of the highest standards, I have been successful in building trust with key project stakeholders, including high-value clients. My project experiences have ensured the success with focus on safety for a smooth handover from Construction to Commissioning, and from Commissioning to Startup & Production.

Experience

Construction & Completions Supervisor

Hampa Engineering Corporation

Mar 2021 - Feb 2023 (2 years)

Ethan Production Extension Project, Mohr, Iran

Supervising Construction activities and work packs.

Completions Management, Leading Completion Planning Sessions. PreCOM & COM activities monitoring.

Overseeing all RFC and RFSU, and Handover Dossier Documentation. Ensuring Completion targets meet deadlines.

Completions Lead

TESCO

Mar 2018 - Feb 2021 (3 years)

South Pars Gas Plant, Phases 15, 16, followed by Phases 22, 23, 24. South Pars is a super-giant gas field located in the Persian Gulf.

Following up Constructions Work Packs and Pre-Commissioning ITRs, Punch List, and Completions Walkdowns, ICAPS Database Administration.

Completions EasyPlant Engineer

Technip

Apr 2015 - Mar 2018 (3 years)

YAMAL Project, Package MWP01 Fabrication Yard, China

Data Management and Database Administration (EasyPlant Application).

Program Development for section efficiency.

Coding VBA for additional reporters to expand the main Commissioning Database capacities. Involved with different Contractors, reviewing Project Technical Database.

ICAPS Administrator

Saipem

Nov 2013 - Apr 2015 (1 year 6 months)

OML 58 Project, Nigeria

Data Management and Database Administration (ICAPS). Project progress and tasks control, and equipment tag numbering verification. Task Management, PreCOM (CCK, STS, PIP) and COM (PRC, FTS, OTP, PVP) via ICAPS, TOTAL OPERCOM Methodology for PreCOM & COM.

ICAPS Administrator

SPIE Oil & Gas Services

Nov 2012 - Oct 2013 (1 year)

OFON 2 Project, Nigeria

ICAPS PRECOMM & COMM Task Management, populating and managing ICAPS Database.

Extending and providing additional statistics reports using Excel and macro programming. Providing guidance for ICAPS users and performing basic ICAPS formations for new users.

ICAPS Administrator

Tecnicas Reunidas

Dec 2011 - Nov 2012 (1 year)

Zhuhai LNG Tank Project, China

Leading Completions (ICAPS & OPERCOM. Support RFC & RFSU Walkdowns and directly contribute to the daily progress reporting. Performing team meetings and reviewing Punch List categories.

Construction & Completion Coordinator

115 CONSTRUCTION CO LLC

Jan 2010 - Dec 2011 (2 years)

Internal Road Construction Project, Oman. Construction & Completions supervision, project progress & punch list management.

Completion Coordinator

SPIE Oil & Gas Services

Mar 2007 - Dec 2009 (2 years 10 months)

YLNG, KHARIR and ATUF Sites, Yemen

Punch List Management and Administration via ICAPS and developed database. Maintaining and implementing ICAPS Database for Punch List and Progress Control. Supporting daily activities and teamwork with programming for various purposes within the Commissioning Department.

Surveying & CAD Draftsman (Engineering Department)

South Pars Gas Complex (SPGC)

Jul 2005 - Feb 2007 (1 year 8 months)

Extensive experience working with AutoCAD software, advanced design skills, and a keen eye for detail. Drafting in AutoCAD all detailed drawings for E&I, and Mechanical works, foundation wiring, piping drawings and pneumatic and process hook ups, and drawing As-Built Drawings.

AutoCAD Draughtsman

TotalEnergies

Jan 2000 - Jun 2005 (5 years 6 months)

South Pars Gas Plant, Phases 2 & 3

Updating different kinds of documents and drawings such as P&ID's, TSLD / Cause & Effect Diagrams.

Meeting with architects, designers, and engineers to discuss design ideas.

Developing product designs from scratch. Presenting rough design drafts for client approval.

AutoCAD Design and Graphics Specialist

TousBros Pty Ltd

Jul 1994 - Dec 1999 (5 years 6 months)

Education

Fanavaran Mashhad

Technical Construction Diploma, Civil & Building

Mashhad Aviation University

Airframe & Power Plant Course, Aerodynamics & Aircraft Engineering

University of Applied Sciences and Technology of Mashhad

Higher Education Associate Degree, Airplane Maintenance and Repair

Licenses & Certifications

Airframe & Power Plant Course - Mashhad Aviation Training Center

44603

ICAPS & OPERCOM - VINCI Construction France

Skills

ICAPS • EASYPLANT • Oil & Gas Completions • Completions • Commissioning • Engineering •
Piping • Gas • EPC • Construction
